

Goodbye Office Politics. Hello Potential.

At P3 Adaptive, we are committed to not only creating a diverse team where everyone feels respected and represented but also embedding these values across our company culture.

Fully remote but fully integrated.

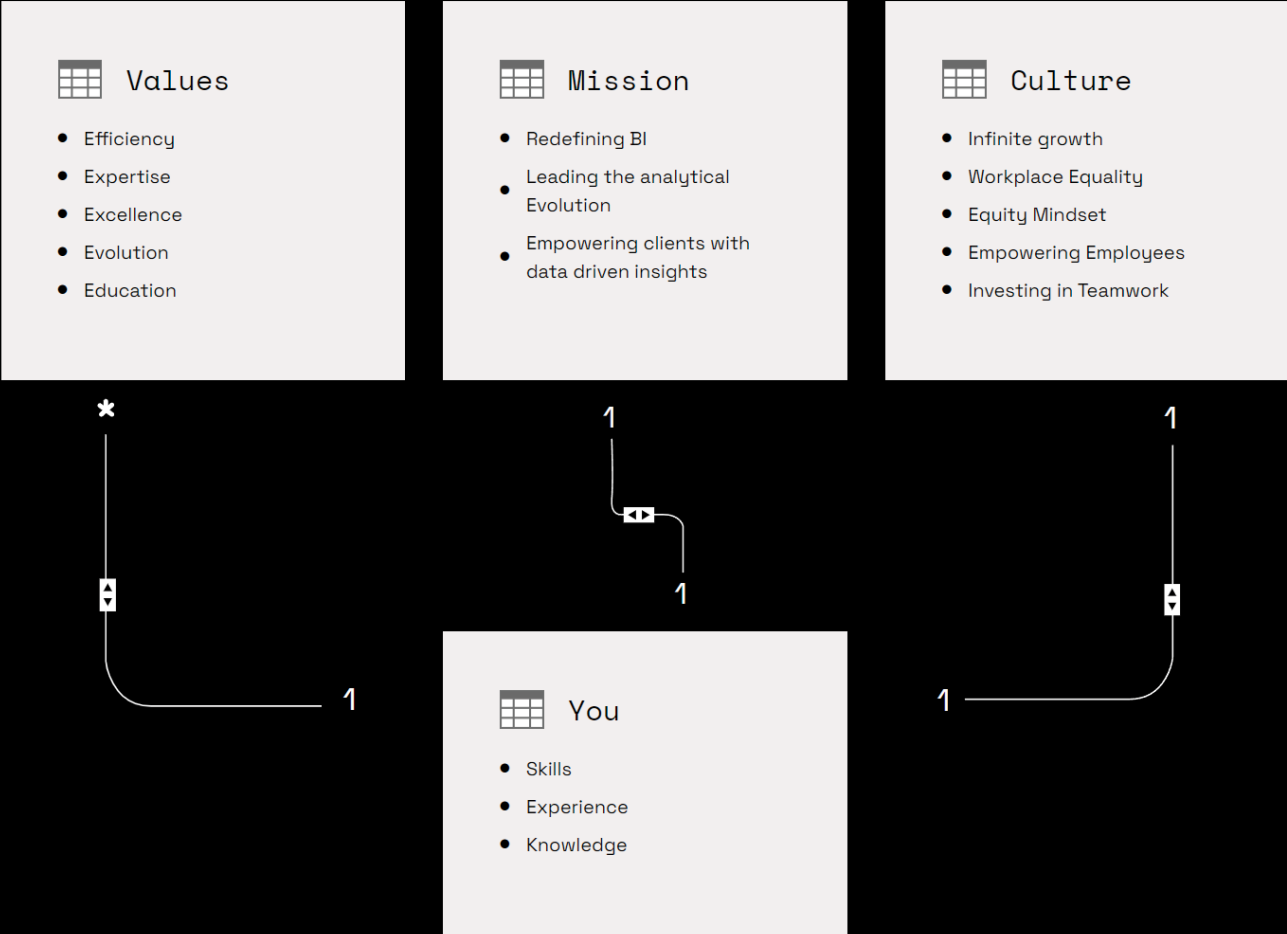

With our unique business model, location takes a backseat to ability.
Passion and technology connect us daily regardless of zip code.

DISTINCT (environment) for DISTINCT (individuals)

Here at P3, we are fully committed to putting humans first. We don't have "tech jobs", we have "human jobs" that are supplemented with tech skills.

P3 Adaptive Model

Our culture is dimensional & full of relationships

Interview time where we get to know each other

Offer

After acing our assessment, we offer you the job

We're not just a **company**. We're also a **system**.

P3 Adaptive is built differently to go where traditional firms can't

- Proven and forged by real market pressures, without external funding
- 9+ years evolving our strategy for you
- Our lean, zero-overhead staffing model shortens projects and increases client satisfaction while paradoxically reducing labor costs

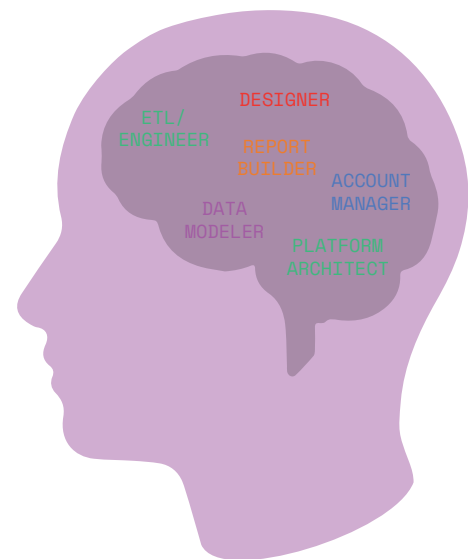

P3 MODEL

Efficient allocation and real-time load balancing of consulting resources

P3 Adaptive Power Platform Experts

Our Principal Consultants and our tech meets business hybrid approach, can replace an entire team of traditional specialists.

The Podcast with the Human Element

Raw Data by P3 Adaptive

Our clients tell us that we're more fun to work with than your average consultants. So we decided we needed a "Mullet Strategy." Business in the front, party in the back.

Join us as we bring together developers, designers, end users and experts of the Power Platform.

Listen in every Tuesday to get the inside scoop from the greatest minds within the data community. Each week, our new guest shares their data origin story to help enrich the industry and provide insight into the personal, professional, and educational impact of data. Hosts Rob Collie and Thomas LaRock chat with guests from all backgrounds, from the highest levels of Microsoft to the casual end users.

All levels of data greatness are reflected in our guest list. Don't miss a single episode!
